

LENDERS MORTGAGE INSURANCE

Lenders Mortgage Insurance is often referred to as LMI. It is insurance that a lender takes out to insure itself against the risk of not recovering the full loan balance if the borrower (you) were unable to meet loan repayments.

LMI is a one-off fee charged by the Lender to you when you need to borrow more than 80% of the value of the property.

Benefits of LMI

The benefit of LMI is it allows lenders to provide home loans to customers who do not have a substantial deposit but would otherwise meet the lenders credit requirements.

LMI covers the outstanding balance of the loan owing to the lender if the sale of the property does not cover the total loan amount.

What is the cost of LMI?

- The LMI premium payable can either be included into the loan amount (called capitalisation of LMI) or paid upfront on settlement. The lender will be able to provide you the applicable costs of LMI.
- It is important to note, if you choose to capitalise the LMI, your loan repayments are based on the higher loan amount which includes the LMI premium.
- The cost of LMI will vary and it will depend on the lender, how much is borrowed and the size of the deposit.

Is LMI refundable?

LMI may be partially refundable if the loan is terminated early, usually within the first two years.

Each lender will have their own refund arrangements.

What happens if a borrower defaults and the property is sold?

Default Situation

If the borrower is unable to meet their loan repayments and there is no other resolution, the property may need to be sold to cover any outstanding loan amount.

Insurer Payment

The LMI insurer will pay the lender in accordance with their LMI policy and could then ask the borrower to repay this sum directly to them.

Important Note

LMI does not protect you or cover your loan repayments in the event you are unable to make the repayments on your mortgage. You should discuss personal insurance options such as Mortgage Protection Insurance with your broker to cover any unforeseen circumstances.

What happens when the loan is refinanced?

- LMI is lender specific, which means if you refinance your home loan to a different lender and you borrow more than 80% of the value of the property, you will have to pay LMI again.
- Do your research, as this may outweigh the benefits of refinancing to a lower interest rate.
- If the equity in your home has increased or you have paid down the principal on your loan, you may not need to borrow more than 80% with the new lender and therefore avoid paying LMI again.

Important Information

If you experience problems in meeting your loan repayments, you should contact your lender as soon as possible as you may be able to arrange a payment variation on the grounds of financial hardship.

More information about LMI can be found at www.moneysmart.gov.au or www.asic.gov.au

Key Points to Remember

80% Threshold

LMI is required when borrowing more than 80% of the property value

One-off Fee

LMI is a one-time premium that can be paid upfront or added to your loan

Lender Protection

LMI protects the lender, not the borrower, against default

Making an Informed Decision

Consider These Options:

- Save for a larger deposit to avoid LMI
- Explore family guarantee options
- Research lenders with LMI waiver promotions
- Compare LMI costs between different lenders
- Consult with a Nexgen Lending mortgage broker about alternatives

Speaking with us can help you understand all your options regarding LMI and find the most suitable solution for your situation.
